#### **COURSE DESCRIPTION:**

This course involves in-depth coverage of Microsoft Word 2019 focusing on business applications. You will create, save, retrieve, edit and print a variety of documents. This skill will be valuable to you throughout your lifetime because using a word processor is a key component of many jobs—and an important skill to use in your everyday life!

**COURSE GOAL:** To help students obtain a degree of proficiency using word processing software.

**LEARNING OUTCOMES** (C1, C5, C6, C7, C8, C18, C19, C20)

The student will be able to: See next page.

#### **GENERAL INFORMATION**

# **Required Text and other Materials**

1. GO! with Microsoft Word 2019 Comprehensive textbook with MyITLab access code by Gaskin & Vargas. This package is available at the Reese Bookstore.

#### ISBN-9780135768945

2. Flash Drive on which to save your files.

IMPORTANT NOTE ABOUT OBTAINING YOUR MATERIALS: IF YOU OBTAIN COURSE MATERIALS FROM A SOURCE OTHER THAN THE SPC BOOKSTORES, WE WILL NOT BE ABLE TO ASSIST YOU IF THE MATERIALS ARE NOT APPROPRIATE FOR THE COURSE. Courses in technology-related fields commonly require access codes for technology-based learning and assessment systems such MyITLab. ISNBs for textbooks about and that include technology are regularly updated for relevance by the book publisher; ISBNs you find at non-instructor approved sources may not be the ISBN required by your instructor. Thus, we can only guarantee that new materials obtained according to the information in this document—and obtained just prior to the beginning of the term—will work for the course.

# **Computer Requirements**

### Course Software Information

You will use three different software programs in this course:

- 1. **MyITLab** from the textbook publisher Pearson
- 2. Microsoft Word 2019 for PCs
- 3. **Blackboard** the LMS (Learning Management System) used by South Plains College

It is the responsibility of the student to make sure that he/she has the necessary computer resources, skills, and prerequisite to take this class. You MUST use Microsoft Office 2019/365 since all work is based on this software. Although we primarily use Word 2019, a few assignments utilize Excel and Access.

In order to access the course, a Web browser is necessary. **Chrome** is strongly recommended. **You will need to allow pop-ups for the MyITLab site.** 

#### Block or allow pop-ups in Chrome

By default, Google Chrome prevents pop-ups from automatically appearing and cluttering your screen. You can turn the pop-up blocker on or off. When it's on and a pop-up is blocked, the address bar will show a pop-up blocker icon .

#### Turn pop-ups on or off

To block or allow pop-ups on your mobile device:

- 1. Open the Chrome menu .
- 2. Touch **Settings**.
- 3. Touch **Site settings**.
- 4. Touch **Pop-ups** and then turn them on or off.

#### To block or allow pop-ups on your computer:

- 1. In the top-right corner of Chrome, click the Chrome menu  $\equiv$ .
- 2. Select **Settings**.
- 3. Click **Show advanced settings**.
- 4. Under "Privacy," click the **Content settings** button.
- 5. Under "Pop-ups," select **Do not allow any site to show pop-ups** (recommended) or Allow all sites to show pop-ups.

**Unable to stop unwanted pop-ups?**: If the directions above do not work, there may be an unwanted program installed on your computer causing pop-ups. Learn how to get rid of unwanted programs.

**Using a Chrome device at work or school?** Your network administrator might configure the pop-up blocker for you, in which case you can't change this setting yourself. Learn about using a managed Chrome device

# Block or allow pop-ups for a specific site

#### To manually allow pop-ups from a site:

- 1. At the end of the address bar, click the pop-up blocker icon.
- 2. Click the link for the pop-up window you'd like to see.
- 3. To always see pop-ups for the site, select "Always show pop-ups from [site]." The site will be added to the exceptions list, which you can manage in the Content Settings dialog.

#### To always allow pop-ups from a particular site:

- 1. In the top-right corner of Chrome, click the Chrome menu  $\equiv$ .
- 2. Select **Settings**.
- 3. Click **Show advanced settings**.
- 4. Under "Privacy," click the **Content settings** button.
- 5. Under "Pop-ups," click Manage exceptions.

#### **Internet Explorer (IE) should not be used.**

You will have to enable JavaScript in your browser to be able to utilize all the functionality available in Blackboard. If you are not sure how to enable JavaScript, please click on "Check Browser" on the Blackboard page.

Note: All SPC campuses have computer labs which may be used by students who are enrolled in this class.

#### **Internet Access**

The computer you are using must be able to connect to the Internet and allow you to browse the World Wide Web. E-mail access is required to communicate with your instructor. To test for the ability to browse the Web, a computer must be able to visit these sites:

# http://www.southplainscollege.edu https://southplainscollege.blackboard.com www.myitlab.com

Anti-virus Software: Please make sure that your computer has an up-to-date anti-virus software program installed.

NOTE: If you do not have the appropriate software, you may download it from Microsoft at <a href="https://products.office.com/en-us/student/office-in-education">https://products.office.com/en-us/student/office-in-education</a>

#### **Course Structure**

This course is an online course, which means that you will access course information and respond to me through the use of the Internet. Blackboard and Pearson's MyITLab are used to deliver and manage this course. Please take a moment to read over the information at the Blackboard site before you get started. If the online environment is new to you or if you have problems of any nature, please do not let yourself become overwhelmed or spend hours of your time trying to figure out how to access something. You have many sources available to you for help. You can contact me by e-mail, telephone, or come by my office.

# **Attendance Policy**

Even though this is an online class, students still have to access the course on a regular basis. The Blackboard software used to manage this online course tracks student logins, tracking when and where the student has been in the course. Accessing this course on a regular basis is extremely important in order to meet the objectives of this course. You will feel more at ease with the materials if you stay in touch with what is going on. You will need to check your SPC e-mail or forward it to another e-mail of your choice. You can do this by clicking the following

link: <a href="https://myspc.southplainscollege.edu/ICS/Students/Information\_Technology/Email.j">https://myspc.southplainscollege.edu/ICS/Students/Information\_Technology/Email.j</a> nz

Minimum log in for the course is at least three (3) days per week. However, I recommend checking in once a day if possible for announcements. I can see how many times you log in!

You may work on this class 24/7. That's the advantage of an online class.

# **Withdrawal Policy**

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never

attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

If for any reason the student is unable to complete the course requirements, it is the student's responsibility to initiate their own withdrawal by the 1st drop date for the semester. An administrative drop by the instructor in this course will, in most cases, result in the student receiving an "F" (not an "X"). The last day to drop a class is November 14, 2019. However, always discuss this with your instructor before dropping.

# **Academic Integrity – Read Carefully!**

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension. **This means all work you complete for this class is identified by the MyITLab access code.** Work copied from another student will be flagged and both students will receive zeroes for their work. Students should refer to the SPC General Catalog policy regarding consequences for cheating and plagiarism.

#### **Student Conduct**

Rules and regulations relating to the students at South Plains College are made with the view of protecting the best interests of the individual, the general welfare of the entire student body and the educational objectives of the college. A high standard of conduct is expected of all students. Student should refer to the SPC General Catalog policy regarding student conduct.

# **Grading Policy**

Simulations—3 attempts—best overall grade		
Simulations Tests—3 attempts—best overall grade		
Grader Projects—3 attempts—best overall grade		
End of Chapter Exams—3 attempts—best overall grade		
GMetrix		
Capstone Project—3 submissions accepted for each projectone given		
after Chapters 1-3 and one after 4-6 which counts as the final		

You must complete the problems in the order they are presented. The assignments are in sequential modules. You must make at least a 70 on each assignment or attempt it three times before the next assignment will open. However, if you make an 80 on the first attempt, you still have two more attempts to make a better grade. I would strive for at least a 90 on each assignment. Remember, you want to master the material, not just get through it.

Final grades will be based on the following grading scale:

90-100=A, 80-89=B, 70-79=C, 60-69=D, Below 60=F

Your grades will be found in the MyITLab grade book.

# **Assignment Policy**

Assignments will be shown in MyITLab. **Problems that are not turned in will be assigned a grade of 0. All deadlines will be on Sunday night at 11:59 PM.** I do not accept late work after this deadline.

#### **Communication with instructor**

- 1. Log in at least **three (3)** times a week (minimum). I recommend daily logins.
- 2. Check for announcements/mail in Blackboard—this is your responsibility. If you don't check in frequently, you may miss important information regarding your schedule, work, or grades.
- 3. Start work early in each week. Don't wait until the due date to start your work. When you do, something always happens like an illness or an unexpected problem. Remember, no time extensions can be given.
- 4. Communication with your instructor can be by phone (806-716-4638), by messaging through the Blackboard tools menu, or by SPC e-mail (pdennis@southplainscollege.edu). Always identify yourself with your full name as well as the course name and number in the subject line when contacting me. I have many students!
- 5. You will need to check your SPC e-mail or forward it to another e-mail of your choice. You can do this by clicking the following link: <a href="https://myspc.southplainscollege.edu/ICS/Students/Information Technology/Email.jnz">https://myspc.southplainscollege.edu/ICS/Students/Information Technology/Email.jnz</a>

#### Answers to Your Frequently Asked Questions About Using MyITLab

#### What is MyITLab?

The abbreviation *IT* (pronounced EYE-TEE) is commonly used in organizations to mean *Information Technology*. The IT Department is typically charged with managing all of the computer hardware and software in an organization.

**MyITLab** (pronounced MY-EYE-TEE-LAB) is a web-based program where you can practice Microsoft Office applications, access exercises related to important computer concepts, and take tests that your instructor will assign. It is your online lab for learning about IT—Information Technology.

#### How do I get an access code for MyITLab?

The textbook package described on Page 1 of this document includes an access code for MyITLab. You cannot share the code with another student. A code is good for one year after activation.

#### Will I need to enter my access code each time I log into MyITLab?

After you have logged into MyITLab the first time, you will not need the access code again. However, it is a good idea to write down the date first used on the cardboard package that contains the code and keep it in a safe place.

# If I purchase several books with access codes, what should I do with the extra codes?

You can keep extra codes to use in the future. An un-activated code is good for at least one year from the date of first activation.

# If I acquire a textbook and have no access code, how can I get one?

You can purchase a standalone MyITLab access code in the SPC Bookstore or directly from Pearson from the <a href="https://www.myitlab.com">www.myitlab.com</a> site. Do not purchase a code from another student or an online source other than Pearson, because you have no way to know if the code has already been used.

## How do I access MyITLab from the Internet?

To access MyITLab, go to Blackboard and click on the MyITLab link on the menu; then sign in with your access code.

### Am I required to purchase a textbook with an access code?

Per the College Catalog, students are required to buy textbooks for their courses and this textbook includes an access code that is not sharable with other students. The textbook available in the SPC Bookstore includes an access code.

The MyITLab support hotline number is 1-844-292-7016.

#### **CAMPUS GUIDELINES**

#### CHILDREN ON CAMPUS

Many of the students attending classes at South Plains College are also parents who value the opportunity to participate in higher education. Sometimes students are faced with the decision of whether to remain at home with their children, bring children with them to class, or be absent from class. The following guidelines address concerns for the safety of children on campus and provide for an environment conducive to learning:

- 1. Students are not allowed to bring children to class and will be asked to leave in the interest of providing an environment conducive for <u>all</u> students enrolled in the class. Students are responsible for adherence to the attendance requirements set forth by the instructor in the course syllabus.
- Children may not be left unattended. In order to provide for the safety of children on campus, parents or other guardians are responsible for supervising children while utilizing services or conducting business on campus.
- 3. <u>Disruptive children will not be allowed to interfere with college business.</u> Parents or other guardians are responsible for supervising and controlling the behavior of children they have brought on campus.

#### **AMERICANS WITH DISABILITIES ACT STATEMENT**

#### **SPC Standard Disability Statement**

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland (Student Health & Wellness Office) 806-716-2577, Reese Center (Building 8) 806-716-4675, Lubbock Center 806-716-4675 or Plainview Center (Main Office) 806-716-4302 or 806-296-9611.

#### **Non-Discrimination Statement**

South Plains College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Vice President for Student Affairs, South Plains College -1401 College Avenue, Box 5, Levelland, TX 79336, 806-894-9611.

#### **DIVERSITY STATEMENT**

In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple

experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world, and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

#### TITLE IX PREGNANCY ACCOMMODATIONS STATEMENT

If you are pregnant, or have given birth within six months, Under Title IX you have a right to reasonable accommodations to help continue your education. To activate accommodations you must submit a Title IX pregnancy accommodations request, along with specific medical documentation, to the Director of Health and Wellness. Once approved, notification will be sent to the student and instructors. It is the student's responsibility to work with the instructor to arrange accommodations. Contact Chris Straface, Director of Health and Wellness at 806-716-2362 or email <a href="mailto:cstraface@southplainscollege.edu">cstraface@southplainscollege.edu</a> for assistance.

#### **GENERAL SAFETY ON CAMPUS**

South Plains College recognizes the importance of safety on campus. The protection of persons and property is a responsibility which we all share. Personal safety begins with the individual. The following guidelines are intended to assist you in protecting yourself and to encourage practices that contribute to a safe environment for our campus community.

- Never leave your personal property unsecured or unattended.
- Look around and be aware of your surroundings when you enter and exit a building.
- Whenever possible, avoid walking alone, particularly after dark. Walk to your vehicle with other class members or request that the Security Guard walk you to your car.
- When approaching your vehicle, keep your keys in your hand; look under your car and in the back seat and floorboard. Lock the doors as soon as you are inside your car.

#### FOOD AND DRINK IN CLASSROOMS

It is the policy of South Plains College not to permit food or drink in the classrooms or laboratories.

#### **EMERGENCY INFORMATION**

In case of emergency, contact the following numbers but DO NOT leave a voice mail message
