B. Class Attendance Policy

There are no excused absences in the Vocational Nursing Program. Roll is taken for each class. A student who is not present when roll is checked is “absent.” A student must sign in for each class; if a student fails to sign in, the student is marked “absent.” Students are not allowed to disrupt the class for tardiness. A tardy student may come into the classroom following a break. The student must sign in, but the student will still be counted absent. A student who leaves before the end of class is counted absent. **CLASSROOM ATTENDANCE:** Learning is fostered in the classroom environment. Missing even one lecture/class activity can negatively impact student performance; therefore, classroom attendance is mandatory and students are accountable to attend and be on time for class.

PLEASE REVIEW THE ATTENDANCE POLICY FOR EACH CLASS FOUND IN THE COURSE SYLLABUS.

Allowable absences per class will be two (2) absences per class except in the one-credit hour courses in which only one (1) absence will be allowed. Students should take an absence when they are truly ill (running fever, nausea/vomiting not due to pregnancy, diarrhea or some other communicable disease). A physician’s release should be submitted when the student is treated by a physician. Students who exceed the allowable absence no longer meet the course criteria and must withdraw. Absences are recorded for the whole day if a class is scheduled for the whole day.

C. Examination Policy

There will be 2 main Unit Exams plus a final exam in the classroom along with 4 online Davis Edge exams and one cumulative Davis Edge Final. You will need 2 of the (50) scantrons and 1 of the (100) scantrons. Students are expected to take all examinations for each nursing course. There are **NO** make-up exams for this course. No caps or hats may be worn during an exam. No backpacks or books are allowed in the room during an exam. Any long sleeves being worn must be rolled up during an exam. Cell phones are not allowed. If one rings during an exam this paper will be taken up and a grade equal to half of the possible points for that exam will be given regardless of which question you were on.

All Davis Edge exams and Final are due by the due date posted online, 11:59 PM Eastern time (10:59 PM Texas time). Please be aware of the time difference. No excuse will be allowed for not having them done on time, **NO EXCUSE!** This includes computer error, power outage, or anything beyond your control. You are highly encouraged to work on these on Fridays here at building 5 so that if such an error occurs, I am present in the building and might be a witness to the issue. All Davis Edge exams are timed and each exam is individually randomized on the question order so no 2 exams are alike in order to prevent groups working together or cheating.

In order to achieve a passing grade in VNSG 1133 200 Growth and Development, the student must achieve a minimum of 1290 points out of 1720 points (75 percent) from the Exam portion of the course.
