#### Reese Campus

## **Course Syllabus**

COURSE: RSPT 1160.200 – Clinical – Respiratory Care Therapy / Therapist

SEMESTER: Fall 2017

CLASS TIMES: Per clinical schedule INSTRUCTOR: Krista Young, BS, RRT

OFFICE: 520

OFFICE/ADVISING

HOURS: Monday & Wednesday: 1:30 PM-3:00 PM

Tuesday & Thursday: 11:00 AM-12:00 PM

1:30 PM-3:00 PM

Friday: 9:00 AM- 11:00 AM

Other Times By Appointment

OFFICE PHONE: (806) 716-4624

E-MAIL: kyoung@southplainscollege.edu

FACEBOOK: https://www.facebook.com/SouthPlainsCollegeRespiratoryCare

"South Plains College improves each student's life."

#### **GENERAL COURSE INFORMATION**

#### **COURSE DESCRIPTION**

This is an introductory respiratory care work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

## **STUDENT LEARNING OUTCOMES**

#### Students will:

- 1. Apply the theory, concepts, and skills involving specialized materials, equipment, procedures, regulations, laws and interactions within and among political, economic, environment, and legal systems associated with the particular occupation and the business/industry;
- 2. Demonstrate legal and ethical behavior, safety practices, interpersonal and team work skills, communicating in the applicable language of the occupation and the business or industry.
- 3. Demonstrate his/her clinical proficiency in basic skills, professionalism and ability to effectively interact with various individuals in the clinical setting.

#### **COURSE OBJECTIVES**

- 1. Exhibit dependability and responsibility by being punctual, attending clinicals according to program policies, and completing assigned work. (F-13)
- 2. Exhibit ability to get along with people in the clinical setting, by demonstrating understanding, friendliness, adaptability, empathy and politeness. (F-15)
- 3. Respond positively to supervision and guidance by attending to, interpreting and responding to verbal messages and other cues. (F-5)
- 4. Exhibit respect for others. (C-14)
- 5. Recognize boundaries and limitations of role and seek assistance when necessary. (F-16)
- 6. Participate by asking questions. (F-6)
- 7. Work to satisfy customer's expectations, whether they are patients, physicians, or other healthcare team members. (C-11)
- 8. React to stressful situations in an appropriate manner.
- 9. Work confidently, maintaining a positive view of self. (F-14)
- 10. Choose ethical courses of action in clinical decision-making. (F-17)

- 11. Monitor his/her progress towards clinical proficiency by assessing self accurately, setting personal goals, and exhibiting self-control. (F-16)
- 12. Participate as a member of the healthcare team. (C-9)
- 13. Exhibit an ability to work well with men and women from diverse backgrounds. (C-14)
- 14. Exhibit courtesy and willingness to share workload. (F-15)
- 15. Exhibit the ability to interpret information and communicate patient status. (F-1, F-2, F-6, C-7, C-8, C-9, C-15)
- 16. Organize time well to complete all tasks assigned by prioritizing activities, allocating time and preparing and following a treatment schedule. (C-1)
- 17. Locate, understand, interpret and evaluate written information found in the patient's medical record, equipment manuals, policy/procedure manuals, and departmental schedules. (F-1)
- 18. Organize information found in symbol, picture and graph format. (F-10, C-5, C-6)
- 19. Organize and maintain information, communicating information in written form via entries into the patient's medical record. (F-1, F-2, F-6, C-6, C-7, C-8, C-9, C-15)
- 20. Perform basic computations, including calculating drug dosages, total flow of gas delivery devices, lung volumes, and other pulmonary measurements. (F-3)
- 21. Acquire and evaluate information through patient history and physical assessment. (F-1, F-5, F-6, F-9, F-12, C-5, C-7)
- 22. Evaluate the appropriateness of patient therapy by specifying therapeutic goals, generating alternatives, considering risks, and choosing the best treatment alternatives. (F-8)
- 23. Recognize problems with patient care and devise and implement a plan of action. (F-9)
- 24. Use reasoning to discover a principle underlying the relationship between diverse data and apply it to problem solving. (F-12)
- 25. Use computers to process patient information and maintain clinical records. (C-8)
- 26. Understand how the hospital organizational system works and function effectively within it. (C-15)
- 27. Monitor performance in his/her assigned hospital area, assessing trends, and predicting and solving problems. (C-16)
- 28. Suggest modifications to the respiratory care departmental system to improve therapist performance. (C-17)
- 29. Choose procedures and equipment, as needed, to perform patient care. (C-18)
- 30. Understand the overall intent and proper procedures for set-up and operation of various types of respiratory equipment. (C-19)
- 31. Prevent, identify or solve problems with respiratory equipment. (C-20)
- 32. Allocate and use materials efficiently. (C-3)
- 33. Work towards agreements with other healthcare team members involving the use of resources, and resolve divergent interests. (C-13)
- 34. Perform patient assessments recording normal and abnormal findings. (F-2, F-5, F-6, F-9, F-10, F-12, F-15, C-5, C-6, C-7, C-14
- 35. Establish good patient rapport and develop the ability to communicate procedures effectively to gain cooperation. (F-5, F-6, F-15, C-14)
- 36. Participate in the process of decontamination of respiratory equipment and infection control procedures. (C-3, C-15, C-16)
- 37. Demonstrate a consistent habit of reviewing the patient's chart for information gathering prior to participating in or performing procedures. (F-1, F-13, C-1, C-5, C-6, C-8)
- 38. Perform correctly the following procedures as ordered by a physician (F-2, F-3, F-8, F-9, F-12, F15, F-16, C-1, C-3, C-5, C-7, C-9, C-11, C-14, C-18, C-19, C-20):

#### Mandatory clinical competencies:

- a. Handwashing
- b. Chest Assessment
- c. Vital Signs
- d. Nasal Cannula

### Other clinical competencies if achieved with opportunity

- a. Small volume nebulizer
- b. Transport with oxygen
- c. Partial/non-rebreather
- d. Air entrainment mask

#### **ACADEMIC INTEGRITY**

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension.

**Cheating** - Dishonesty of any kind on examinations or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in the office are examples of cheating. Complete honesty is required of the student in the presentation of any and all phases of coursework. This applies to quizzes of whatever length, as well as final examinations, to daily reports and to term papers.

**Plagiarism** - Offering the work of another as one's own, without proper acknowledgment, is plagiarism; therefore, any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines and other reference works, or from themes, reports or other writings of a fellow student, is guilty of plagiarism.

#### **SCANS and FOUNDATION SKILLS**

This course completes the following Foundation Skills: F-1, F-2, F-3, F-5, F-6, F-8, F-9, F-10, F-12, F-13, F-14, F-15, F-16, F-17. This course completes the following SCANS competencies: C-1, C-3, C-5, C-6, C-7, C-8, C-9, C-11, C-13, C-14, C-15, C-16, C-17, C-18, C-19, C-20. Refer also to Course Objectives. SCANS and Foundation Skills attached.

## **VERIFICATION OF WORKPLACE COMPETENCIES – HEALTH OCCUPATIONS DIVISION**

<u>External Learning Experience.</u> This course allows students the opportunity to utilize skills learned in lecture and laboratory instruction at appropriate work sites.

Blackboard is an e-Education platform designed to enable educational innovations everywhere by connecting people and technology. This educational tool will be used in this course throughout the semester.

## **SPECIFIC COURSE INFORMATION**

#### **TEXT AND SUPPLIES**

Students are required to obtain the following:

- 1. Data Arc license
- 2. Kacmarek, Robert M. Egan's Fundamentals of Respiratory Care, 11<sup>th</sup> Ed.,(2016)
- 3. Wilkins, Robert L. Clinical Assessment in Respiratory Care, 7<sup>th</sup> Ed., (2013)

Recommended textbook:

1. Oakes, Dana. Pocket Guide to Respiratory Care. (2017). Orono, Maine: Health Educator Publications, Inc.

## **SUPPLIES**

- 1. Appropriate clinical attire
- 2. Name badge with photo
- 3. Stethoscope
- 4. Glasses/goggles

#### **EVALUATION METHODS**

- 1. Clinical performance
- 2. Affective behavior
- 3. Clinical Assignments
- 4. Unit Exam
- 5. Final examination

#### **DATA ARC**

DataArc will be used for attendance, daily logs, physician interaction, competencies, clinical instructor/preceptor evaluations, clinical site evaluations, daily evaluations, and affective behavior evaluations. It is the student's responsibility to ensure DataArc entries are completed as required. Notify the DCE for any discrepancies noted in DataArc. The student should always have copies of the mandatory competencies, daily evaluation forms, and daily logs with them at clinic in case clinical instructor/preceptor does not have access to DataArc. Clinical paperwork/DataArc entries are due the Monday after completing the rotation. If I am not in my office, the paperwork must be slid under my office door.

#### **DAILY LOG**

Daily log is used to document procedures performed, procedures observed, significant learning experiences, and physician interaction. Students must complete the applicable daily logs in Data Arc every clinical day and must be validated by the clinical instructor/preceptor. If the student has difficulty with a preceptor completing the necessary requirements, please contact me for assistance. If the preceptor does not have access to Data Arc, he/she can print and sign their name at the bottom of the completed daily log form printed from Data Arc. Students will still enter the daily log into Data Arc and turn in the signed daily log form to DCE for verification of procedures performed and physician interaction obtained.

#### **CLINICAL PERFORMANCE**

- 1. Competencies: All mandatory competencies must be completed by end of semester (see list of mandatory competencies required under course objectives). A student may not attempt a competency check-off until he/she has been checked off in lab first and has met the minimum requirements as outlined on competency requirements form posted on Blackboard. All competencies MUST be documented in DataArc by the clinical instructor/preceptor evaluating the student. It is the student's responsibility to keep track of the mandatory competencies and completed competencies. Each student should make every effort to complete each mandatory competency. If the student is unable to attempt a mandatory competency, he/she must notify the DCE before the end of the semester. If the student does not notify the DCE prior to the end of the semester regarding the mandatory competency, he/she will receive a zero (0) for that competency. If a student has a preceptor/clinical instructor enter or sign off a competency that the student did not perform, this will be considered academic dishonesty and treated as such in the disciplinary process. The student is not considered proficient in a competency until a satisfactory rating has been achieved. The grades received on competencies will be averaged together and represent 10% of your clinical performance grade. The student will be evaluated as:
  - -Satisfactory (100%)- ready for clinical application with minimal supervision. Performed procedure accurately, or was able to correct performance without injury to the patient or decreasing effect of therapy being given.
  - **-Unsatisfactory performance** not ready for clinical application. Requires remediation under one of the following categories:
  - Minor Unsatisfactory (75%): Needs to review fundamental concepts or requires re-evaluation of minor deficiency(s) (ex. forgets to wash hands during the Follow-up stage). Must be re-evaluated on this step not the whole procedure. Student may attempt these missed steps on the same clinical day.

- Major Unsatisfactory (50%): Requires additional supervised clinical practice and complete reevaluation of the procedure. If the student receives a major unsatisfactory rating, he/she may attempt
  the competency on another clinical day when he/she has reviewed the procedure and feels prepared.
- Each competency attempt will be scored (as indicated above). Ex: If a student scores a 75% on the first attempt and then a 100% on second attempt, the score entered into the grade book is 87.5 for that particular competency.
- If a student is unable to successfully complete a competency after 2 attempts, remediation will be required. Please see 'Remediation' below for details.
- 2. Daily Evaluations: Clinical evaluations are designed to advance or confirm the student's development of clinical skills, knowledge and behaviors. Students will be evaluated by the clinical instructor/preceptor at the end of each clinical day using the daily evaluation form in DataArc. If the student has difficulty with a preceptor completing the necessary requirements, please contact me for assistance. If a preceptor does not have access to Data Arc, he/she can complete the evaluation (paper copy of Data Arc daily evaluation form) on the student and print and sign their name. Students will receive a zero for any missing daily evaluations. These scores will be averaged from beginning of semester to end of semester. This will represent 5% of your clinical performance average. The grades are determined by:

```
Average of 4.7-5.0 in all categories= 100%
Average of 4.1-4.6 in all categories= 90%
Average of 3.6-4.0 in all categories= 83%
Average of 3.0-3.5 in all categories= 75%
Average of < 3.0 in all categories= 50%
```

If a student receives a score of less than 3 on any portion of a daily evaluation, he/she must schedule a conference with the DCE to discuss areas of weakness.

3. Clinical site evaluations/Preceptor Evaluations: At the end of each rotation, the student must evaluate the clinical instructor/preceptor that he/she spent the most time with using the clinical instructor/preceptor evaluation form in DataArc. If the preceptor is not listed in DataArc, the student will select the generic name (ex. University Center) and enter the name of the preceptor at the bottom of the evaluation form

The student will be required to complete one clinical site evaluation for each of the following clinical sites:

- 1. Covenant Medical Center
- 2. University Medical Center

The student must evaluate the above clinical sites using the clinical site evaluation form in DataArc. These evaluations should be completed in DataArc no later than 11/20/17. If the student submits all clinical site evaluations and preceptor evaluations required by the due date, the student will receive a 100. Students will receive a zero for any missing preceptor and/or clinical site evaluations. This category represents 5% of your clinical performance average

#### AFFECTIVE BEHAVIOR EVALUATION

Each student will be evaluated by the DCE once at end of the semester using the DataArc Affective behavior evaluation form. The student will also be evaluated once from program faculty/clinical instructors. Conferences will be scheduled with the DCE at the end of the semester to review the student's progress and standing. The grade is determined by:

Average of 4.7-5.0 in all categories= 100% Average of 4.1-4.6 in all categories= 90% Average of 3.5-4.0 in all categories= 83% Average of 3.0-3.5 in all categories= 75% Average of < 3.0 in all categories= 50%

#### **CLASS ATTENDANCE**

Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

#### **ATTENDANCE POLICY**

Data Arc is used for tracking attendance. Each student is responsible for clocking themselves in/out. Students may clock in/out of Data Arc using their cell phone once at the assigned clinical facility. No other student is to sign another student in/out. Falsifying Data Arc information will be considered academic dishonesty and treated as such in the disciplinary process. Students are allowed 2 missed clock in/out occurrences for the semester. After 2 occurrences, 1 point will be deducted per occurrence from the student's final grade for RSPT 1160.

Students may miss a total of eight (8) hours of clinic without affecting their final grade. The student must document the sick day in DataArc. Any other absence(s) (ex. Sick day, leaving clinic early) over the allotted eight (8) hours will result in a 10 point deduction per occurrence from the student's final grade for RSPT 1160. If a student will be absent for a clinic, he/she must contact the shift supervisor at their assigned clinical facility 30 minutes prior to their scheduled clinical report time. Please refer to the Phone List handout for appropriate contact numbers for each clinical facility. He/she must also send an email to DCE (email listed on 1st page of syllabus) at least 25 minutes prior to their scheduled clinical report time. Failure to contact the DCE and shift supervisor as indicated above will result in a no call/no show. There will be a 15 point deduction for each no call/no show occurrence from the student's final grade for RSPT 1160. Clinical absences cannot be made up.

It is important for students to arrive at clinical facilities on time. Students are allowed one tardy for the semester. A student will be considered tardy if they arrive 10 minutes after the assigned clinical report time. If a student is going to be tardy for clinic, he/she must call the shift supervisor at their assigned clinical facility AND email the DCE at least 30 minutes prior to their scheduled clinical report time. Failure to contact the DCE and shift supervisor as indicated above will result in a no call/no show. There will be a 15 point deduction for each no call/no show occurrence from the student's final grade for RSPT 1160. If the student arrives more than 30 minutes past the scheduled clinical report time at their assigned clinical facility and notifies DCE and shift supervisor as instructed, the student will be sent home and an absence will be recorded for RSPT 1160.

Students are only allowed to clock in 5 minutes before the start of their scheduled report time. If a student clocks in more than 5 minutes before start of their scheduled report time, **2 points will be deducted from their final grade in RSPT 1160 for each occurrence.** 

If a student must leave the clinical facility during clinical hours, he/she must contact DCE first. When permission is granted, the DCE will then notify the shift supervisor at the clinical facility. A student may not leave clinic more than 15 minutes early without consent of the DCE. If a student leaves their assigned clinical facility greater than 15 minutes early without consent of the DCE, **5 points** will be deducted from their final grade for RSPT 1160 and may result in disciplinary action.

Cases of excessive absences and/or tardies will be handled on an individual basis and will require a counseling session. Following this session, a departmental counseling form will be placed in the student's file. The purpose of this form is to document that the student has been made aware that excessive absences are jeopardizing successful completion of the clinical course.

## **ASSIGNMENTS**

#### **Drug Cards**:

Informational cards for the following drugs are to be completed no later than 10/23/17. Details will be posted on Blackboard.

Albuterol Xopenex Spiriva Sodium Chloride 0.9% (for inhalation)

Ipratropium bromide Theophylline Combivent MDI

Duoneb Acetylcysteine Hypertonic Saline (for inhalation)

#### **SOAP Notes:**

Students will complete two SOAP notes this semester. One will be done on a patient at each clinical facility. Details will be posted on Blackboard. The first SOAP note will be due Friday 11/10/17. The second SOAP note will be Monday 11/27/17. If I am not in my office when the clinical assignment is due, the student must slide the assignment under my office door. **No credit will be given for late assignments.** 

#### **GRADING POLICY**

Grades in this course will be determined using the following criteria:

Clinical Performance 20%
Assignments 20%
Affective Behavior Eval 15%
Unit Exam 15%
Clinical Final 30%

A = 90 - 100 B = 80 - 89 C = 75 - 79 D= 65-74 F= < 74

## Make up exams will not be given.

Successful completion of this course requires:

1. A final grade of 'C' (75%) or better

#### **REMEDIATION**

If a student fails an exam that is accounted for in the grading system (non-dropped exams), the student will be required to make an appointment with the Respiratory Care faculty within one week of the exam in order to develop a written plan to gain better understanding of the material covered on the exam. This plan will designate responsibilities of all involved parties and may include but not limited to: review of exam topics, written discussion of topics, and oral discussion of topics.

Please refer to the 2017-2018 Respiratory Care Program student handbook for the remediation policy for lab and clinical competencies.

#### **COMMUNICATION POLICY**

Electronic communication between instructor and students in this course will utilize the South Plains College "My SPC" and email systems. Instructor will not initiate communication using private email accounts. Students are encouraged to check SPC email on a regular basis.

If necessary, students may contact me on my personal cell phone between the hours 8:00 am-7:30 pm M-F. On the weekends/holidays, please do not contact me before 10:00 am and after 6:00 pm. If you need to reach me after the hours listed, please send an email to my SPC email. If you will be absent from clinic, do not contact me on my personal cell phone.

The Respiratory Care Program has a Facebook page at <a href="https://www.facebook.com/SouthPlainsCollegeRespiratoryCare">https://www.facebook.com/SouthPlainsCollegeRespiratoryCare</a> . In addition to the South Plains College website, this Facebook page will be used to keep students up-to-date on program activities, weather delays, South Plains College announcements and will help with program recruitment. "Liking" the Respiratory Care Program Facebook page is not mandatory, nor is personal Facebook accounts, in order to access this page.

#### **CAMPUS CARRY**

Campus Concealed Carry - Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to the SPC policy at: (<a href="http://www.southplainscollege.edu/human\_resources/policy\_procedure/hhc.php">http://www.southplainscollege.edu/human\_resources/policy\_procedure/hhc.php</a>) Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the College Police Department at 806-716-2396 or 9-1-1.

#### **STUDENT CONDUCT**

Students in this class are expected to abide by the standards of student conduct as defined in the SPC Student Guide. The SPC Student Guide is located under the online publications link at <a href="https://www.southplainscollege.edu">www.southplainscollege.edu</a>.

#### **SPECIAL REQUIREMENTS**

**Cell Phones**-Students may carry their cell phone with them during clinic. The cell phone must be on vibrate. At times, the preceptor/clinical instructor/DCE may need to reach a student on his/her cell phone. Also, the student may need to reach the clinical instructor/preceptor/DCE via cell phone. The student may clock in/out of Data Arc using his/her cell phone. Please refer to the attendance section for more detail regarding clocking in/out of Data Arc with cell phone. If the clinical instructor/preceptor feels the student is not using his/her cell phone as indicated above, the DCE will be notified.

#### **CHANGES AND AMENDMENTS TO SYLLABUS**

The program director or clinical coordinator reserves the right to make reasonable changes to the syllabus at any time during the semester. If this occurs, the students will be notified and furnished a copy of all applicable changes or amendments.

## **COURSE OUTLINE**

#### **CLINICAL PREPARATION**

Reading Assignment: Wilkins: Chapters 1, 2, and 21

Kacmarek: Chapters 3 and 4

**Class Notes** 

Lab Competencies: Handwashing, Isolation procedures

**UNIT EXAM** 

#### **COMPREHENSIVE FINAL EXAM**

#### **ACCOMMODATIONS**

#### **DIVERSITY STATEMENT**

In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

#### **DISABILITIES STATEMENT**

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland (Student Health & Wellness Office) 809-716-2577, Reese Center Building 8, 806-716-4675, or Plainview Center (Main Office) 806-716-4302 or 806-296-9611.

#### **FOUNDATION SKILLS**

## BASIC SKILLS-Reads, Writes, Performs Arithmetic and Mathematical Operations, Listens and Speaks

- F-1 Reading—locates, understands, and interprets written information in prose and in documents such as manuals, graphs, and schedules.
- F-2 Writing—communicates thoughts, ideas, information and messages in writing and creates documents such as letters, directions, manuals, reports, graphs, and flow charts.
- F-3 Arithmetic—performs basic computations; uses basic numerical concepts such as whole numbers, etc.
- F-4 Mathematics—approaches practical problems by choosing appropriately from a variety of mathematical techniques.
- F-5 Listening—receives, attends to, interprets, and responds to verbal messages and other cues.
- F-6 Speaking-organizes ideas and communicates orally.

## THINKING SKILLS—Thinks Creatively, Makes Decisions, Solves Problems, Visualizes and Knows How to Learn and Reason

- F-7 Creative Thinking—generates new ideas.
- F-8 Decision-Making—specifies goals and constraints, generates alternatives, considers risks, evaluates and chooses best alternative.
- F-9 Problem Solving-recognizes problems, devises and implements plan of action.
- F-10 Seeing Things in the Mind's Eye-organizes and processes symbols, pictures, graphs, objects, and other information.
- F-11 Knowing How to Learn—uses efficient learning techniques to acquire and apply new knowledge and skills.
- F-12 Reasoning—discovers a rule or principle underlying the relationship between two or more objects and applies it when solving a problem.

## PERSONAL QUALITIES—Displays Responsibility, Self-Esteem, Sociability, Self-Management, Integrity and Honesty

- F-13 Responsibility—exerts a high level of effort and perseveres towards goal attainment.
- F-14 Self-Esteem—believes in own self-worth and maintains a positive view of self.
- F-15 Sociability–demonstrates understanding, friendliness, adaptability, empathy and politeness in group settings.
- F-16 Self-Management—assesses self accurately, sets personal goals, monitors progress and exhibits self-control.
- F-17 Integrity/Honesty-chooses ethical courses of action.

## **SCANS COMPETENCIES**

- C-1 TIME Selects goal relevant activities, ranks them, allocates time, prepares and follows schedules.
- C-2 MONEY Uses or prepares budgets, makes forecasts, keeps records and makes adjustments to meet objectives.
- C-3 MATERIALS AND FACILITIES Acquires, stores, allocates, and uses materials or space efficiently.

C-4 **HUMAN RESOURCES** - Assesses skills and distributes work accordingly, evaluates performances and provides feedback.

## **INFORMATION - Acquires and Uses Information**

- C-5 Acquires and evaluates information.
- C-6 Organizes and maintains information.
- C-7 Interprets and communicates information.
- C-8 Uses computers to process information.

#### **INTERPERSONAL-Works With Others**

- C-9 Participates as member of a team and contributes to group effort.
- C-10 Teaches others new skills.
- C-11 Serves Clients/Customers—works to satisfy customer's expectations.
- C-12 Exercises Leadership—communicates ideas to justify position, persuades and convinces others, responsibly challenges existing procedures and policies.
- C-13 Negotiates-works toward agreements involving exchanges of resources; resolves divergent interests.
- C-14 Works With Diversity—works well with men and women from diverse backgrounds.

## **SYSTEMS**—Understands Complex Interrelationships

- C-15 Understands Systems—knows how social, organizational, and technological systems work and operates effectively with them.
- C-16 Monitors and Corrects Performance–distinguishes trends, predicts impacts on system operations, diagnoses systems performance and corrects malfunctions.
- C-17 Improves or Designs Systems—suggests modifications to existing systems and develops new or alternative systems to improve performance.

## **TECHNOLOGY–Works with a Variety of Technologies**

- C-18 Selects Technology—chooses procedures, tools, or equipment, including computers and related technologies.
- C-19 Applies Technology to Task–understands overall intent and proper procedures for setup and operation of equipment.
- C-20 Maintains and Troubleshoots Equipment–prevents, identifies, or solves problems with equipment, including computers and other technologies.

# SOUTH PLAINS COLLEGE RESPIRATORY CARE PROGRAM

## **COURSE AGREEMENT**

I have received a copy of the course syllabus for RSP format, course competencies, attendance policy, and rights, as explained by the instructor and listed in the syllabus.	d examination system. I further understand my resp	oonsibilities and
Printed Name	Signature	Date
