Purpose: This course will educate students with the basic knowledge, understanding, and value of a regular program of walking, jogging, and running as a means of promoting total fitness.

REMIND APP – I will use the REMIND APP in this course as another means of communication due to COVID 19. You don't need to download the app for this to work. To sign up for this tool, you need to text this number 81010 and send the following code as the text message @wjrf

You will receive a response confirming your registration. This is just another option to communicate with me if you choose to use it. I will use it periodically throughout the summer to remind the class of due dates and other useful information.

Outcomes:

Each student will:

- Recall basic terminology, training principles, and safety guidelines of a WJR program. A written quiz and final exam will measure this objective.
- Recall the knowledge of proper nutrition and its implications for sports performance, physical fitness, and wellness. A quiz and final exam will measure this objective.
- Demonstrate the ability to monitor heart rate during exercise and rest. This objective will be measured by observation of the instructor.
- Recall the procedures to calculate target heart rate zones depending on the individual's age, fitness level, and specific needs. The final exam will measure this objective.
- Discover a WJR activity he/she enjoys and make it a regular part of a healthy lifestyle. This objective will be measured by observation of the instructor.
- Experience a higher level of cardiovascular fitness. This objective will be measured by physical testing.

Course Requirements:

- Text: None
- You are not allowed to use treadmills in this course. PLEASE DO NOT ASK TO USE TREADMILLS FOR YOUR WORKOUTS.
- This is an online-only course. I will offer a face to face meeting at the Lubbock Downtown center the first week of school for students that may have questions. I will post an announcement in blackboard with a date, time, and place for the meeting. You are not required to attend this meeting but if you have questions about this course I strongly encourage you to attend.
- Completing four assigned workouts per week for eight weeks, three tests, sixteen discussion boards are all requirements that will calculate into your overall grade this semester.
- You will be required to track your workouts through an app using either a phone, watch, or GPS. The specific app you will be required to use will be given to you the first week of class. There are no exceptions to this requirement. If you do not have access to this type of equipment, then you will not be able to take this online class.
- Participation in all workouts and activities.

Grading Policy

Final grades will be determined as follows:

- Two physical running tests
 One final exam with a written and physical test

Bi Weekly Course Instructions

Instructions for this course will come from the Course Instruction Tab on blackboard. There are many ways to get to the information you will need, but this is probably the easiest way to navigate the course. These course instructions will cover everything you need to know for this course from the beginning to the end. If you are ever in doubt, please look at these instructions.

Course Evaluation:

- 1. There will be three exam days, in the beginning, middle, and end of the semester, each worth 75-100 points (260 points total; 52 % of your overall grade). These tests will be worth more than your regular weekly workouts. Do not miss these tests, as they will account for up to 50% of your overall grade.
- 2. Sixteen discussion board posts (2 per week) about your two weekly assigned walks and/or runs, each worth 15 points (240 points total; 48% of your overall grade). Photos of your results attached to your discussion board post from one of the run tracker apps will be required. Thoughts and details in your discussion posts about your runs will be required to receive full credit. I want to know if your walks/ runs are getting more comfortable as the semester progresses, if you're sore from your workouts, what the weather was like and if it affected you, did anyone run with you, how hard did you push your run, and so on. The location of your walks/ runs and whether you will run there again should also be included in these posts. Multiple Runs are not allowed to be completed on the same day. There are specific instructions that are given to you when you turn your runs in for credit. Not abiding by these instructions will cause you to get a zero for the assignment. The primary goal for the discussion portion of the course is to "talk" about what you are feeling on your runs, so it is acceptable to be somewhat informal and conversational; however, check your grammar and spelling and not use text message lingo. Read and respond to others' posts even if it does not directly say to do so in your assignment. Your grades on these assignments will not be based on whether you give correct answers but will be based on your content. Please be sure to use the "Create Message" function to begin a new post, and use the "Reply" function when responding to others. Please be respectful of others when posting on the DB, and keep your content appropriate and on the subject matter. *(Students who do not comply with this last statement will be dropped from the course.)

Be advised – I do not accept late work for any reason.

A student who stops attending AND stops completing assignments, <u>must</u> take the responsibility of contacting the Registrar's Office to drop the class.

I do not drop students for non-attendance. It is your responsibility to initiate the drop process if you decide not to complete the course. Students who stop attending and do not complete the coursework will receive an F at the end of the semester.

Plagiarism and Cheating: Students are expected to do their own work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy will result in an F for the assignment and can result in an F for the course if circumstances warrant.

Plagiarism violations include, but are not limited to, the following:

- 1. Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail order term paper mill;
- 2. Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
- 3. Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them; or
- 4. Missing in-text citations.

Cheating violations include, but are not limited to, the following:

- 1. Obtaining an examination by stealing or collusion;
- 2. Discovering the content of an examination before it is given;
- 3. Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
- 4. Entering an office or building to obtain unfair advantage;
- 5. Taking an examination for another;
- 6. Altering grade records;
- 7. Copying another's work during an examination or on a homework assignment;
- 8. Rewriting another student's work in Peer Editing so that the writing is no longer the original student's;
- 9. Taking pictures of a test, test answers, or someone else's paper.
