Textbook: Garguilo, Richard M., & Metcalf, Debbie (2017). *Teaching in today's inclusive classrooms: A Universal Design for learning approach*. Third edition. Boston: Cengage Learning. (ISBN # 978-1-305-50099-0)

(Note: When you paid for this class, an ebook version of the textbook was included in the price of the course, so you do not need to buy this textbook. You will have access to it as soon as Blackboard opens.)

Other Materials:

Access to a computer (with internet access) & Blackboard

Inclusive Access:

- **Textbook:** The textbook and resources for this course are available in digital form through the Inclusive Access textbook program at South Plains College. That means the e-book edition of the textbook and/or all required resources are provided in the Blackboard portion of the course from the first day of class. The fee for the e-book/resources is <u>included</u> in the student tuition/fee payment, so there is no textbook or access card to purchase for this course.
- **E-book features:** Access to a cloud-based e-reader is provided by RedShelf via Blackboard. RedShelf e-book features include the ability to hear the text read aloud, highlight, take notes, create flash cards, see word definitions, build study guides, print select pages, and download up to 20% of the book for offline access. Visit https://solve.redshelf.com/hc/en-us/requests/new for e-book issues and support.
- **Upgrading to a physical textbook:** Students who prefer a printed textbook rather than an e-book may purchase a loose-leaf edition from the SPC Bookstore or the textbook publisher at a reduced price.
- How to opt out of Inclusive Access: As long as they meet the opt-out deadline, students may choose not to participate in the Inclusive Access program if they have a textbook from another source. They should check the course syllabus to see if the instructor also requires course work to be done in an online platform (like Mindtap or Connect). If so, the student would be required to have access or purchase access to that platform in addition to acquiring the e-book. To opt out of the Inclusive Access e-book/resources, students will need to locate the RedShelf tool in their Blackboard course and follow the instructions given there. Students who need assistance to opt out should contact their instructor or the SPC Bookstore. The Inclusive Access fee will be refunded to students who opt out after the twelfth class day.

Grades are determined by the following scale:

90 - 100% = A 60 - 69% = D 80 - 89% = B 0 - 59% = F

70 - 79% = C

NOTES ABOUT GRADED ACTIVITIES & QUIZZES/TESTS:

- Late work will not be accepted and will receive a grade of "0."
- You may see your grade on quizzes that are auto-graded in Blackboard immediately after taking the quiz. You should be able to review your responses and the CORRECT RESPONSE after all students have submitted their guizzes.
- For all other submitted assignments, papers, and projects, my goal is to have them graded within two weeks of the due date.
- Most MAJOR ASSIGNMENTS will be submitted through TURNITIN.com. If you are to submit an assignment through Turnitin.com, I will let you know and provide a link that will take you directly to the Turnitin submission page for that assignment.
 - You may access my comments for these assignments submitted through the "Turnitin Assignments" link in the course menu. Click on "View/Complete" link under the assignment name to view your grade and my comments, OR you should be able to click on the grade for that assignment in "My Grades" and see my comments as well.
- If I ask you to EMAIL an assignment, I will post your grade in "My Grades" and email my comments back to you.

Unforeseen Circumstances: If a student is dealing with an unforeseen circumstance, the student should contact the instructor IMMEDIATELY, before the due date of an assignment. Please do not assume that the instructor will change the due date of an assignment, or extend the date, due to unforeseen circumstances. It is only at the instructor's discretion that a due date may be amended or extended. If a date is changed, it will only be changed/extended once. After that, a grade of 0 will be given for the assignment.

Instructional Delivery

• Instruction will be delivered ONLINE through Blackboard, demonstrations, discussions, group discussions, and guest speakers.

- NOTE: As this is an ONLINE class, you need to make sure that you have the appropriate technology and technological skills to complete the class. The following is a checklist of technology and technological skills you will need for this class:
 - Daily access to an updated laptop computer with Microsoft Word (free download for ALL SPC students). You will NOT be able complete this course on your smartphone exclusively.
 - Daily access to the internet—MySPC, Blackboard, SPC email, online textbook (if that is your choice)
 - NOTE: The ONLINE 2301 section will use GoREACT as a video discussion board in addition to the discussion board present in Blackboard. We will also use GoREACT for your lesson plan presentation. I will add a link to GoReact in Blackboard.
 - We will also use other websites for activities and games.
 - Knowledge of (and ability to work in) Microsoft Word. You need to know how to add tables and insert pictures and other graphics, etc.— again, all SPC students have free access to Microsoft Office products.
 - Knowledge of (and ability to work in) PowerPoint or Prezi.

Field Experience Component

- <u>EDUC 2301</u>, as the course title indicates, is an introduction to the special populations within the general education classroom and a requirement for the Associate of Arts in Teaching (AAT) degree. In addition to attending all class meetings throughout the semester, students will be given four education/field-experience assignments, each one expected to entail approximately 4 hours to equal 16 hours of total time. **Students will also need to complete and pass a criminal background check**.
- For ALL Classroom Presentations & AAT Observations: professional dress is required. Professional dress is considered a collared, button-down or golf shirt, Docker-style pants, slacks, skirts, or dresses. (Girls, if you wear a dress, it needs to be cut no shorter than just above the knee—NO MID-THIGH dresses are permitted). Professional dress does NOT include sun-dresses or shirts with spaghetti straps, hoodies, sweat pants, flip-flops, t-shirts, ball caps, jeans, tennis shoes, shorts, miniskirts, or any other type of casual clothing for sports or leisure. Students failing to respect these rules will receive a zero "0" for the observation and assignment and will not be allowed to make it up.
- Professionalism: I place a great value on professionalism. It is KEY to being an effective teacher, and this semester is your opportunity to demonstrate this skill. Your participation/attendance/professionalism grade is a subjective grade, which is judged based upon my perspective and measured by your actions. It will be expected especially during your <u>field</u> experiences. Please remember that we are guests in the schools that we observe. This should be taken into consideration in your dress, speech, and actions. When you become a teacher, your professionalism is judged by students, fellow teachers, administrators, parents, and the community. What is professionalism?

Some examples of professionalism include, but are not limited to: effective communication, punctuality, respect for fellow classmates, instructor and staff (in both actions and speech), being prepared for class and proper behavior and attitude in the field (see observation requirements), how you handle situations and interact with others, maintaining confidentiality, and above all...maintaining positive public conversations held with other students concerning the education courses and program, especially in the presence of students that have not yet entered the program.

General Assignment Information

• Attendance/Participation/Discussion/Professionalism (5%)

The following assignments are included in this portion of your grade: weekly GoREACT discussions, participation in group discussions, coordinating 1 discussion over an assigned chapter, completed observation verification forms, & conduct during classroom observations

 Assigned Chapter Discussion: Students will review the concepts covered in their assigned chapter. In a 2 – 3 slide PowerPoint, students will note at least 2 concepts from the chapter that stood out to them. Next, students will pose 2 discussion prompts based on the chapter. We will use these discussion prompts in our weekly GoREACT discussions.

• Weekly Module Learning Activities & Quizzes (35%)

Assignments and/or quizzes based on weekly readings, informational videos, guest lectures, etc., will make up this portion of your grade.

Interview Transcript/Reflection (10%)

Interview a parent or teacher of a special-needs/exceptional child or an adult who was classified as a special-needs or exceptional child during his/her schooling. Transcribe your interview (i.e. type up a transcription of your interview questions and answers) and type a $1-1\frac{1}{2}$ page reflection. You will submit this assignment through Turnitin.com (a link will be provided). Guidelines and a rubric for this assignment, along with other pertinent instructions will be passed out in class (or made available on Blackboard).

Lesson Plan Presentation (20%)

You will design and present a lesson plan based on a specific grade level and a specific topic within a specific subject (e.g. a lesson on adjectives as part of a 3rd grade English Language Arts (ELA) grammar unit. Your lesson plan must follow UDL guidelines and include specific accommodations for special populations. Guidelines and a rubric for this assignment, along with other pertinent instructions will be passed out in class (or made available on Blackboard).

*PLEASE NOTE: Your EDUC 2301 Lesson must be a <u>different lesson</u> from the lesson you presented in EDUC 1301.

Field Experience & Field Notes (20%)

You will visit 4 different school campuses to complete 16 hours of observation in the field over the course of the semester. Be sure to read carefully the "Observation Procedures and Rules" sheet. You will be required to turn in a signed (by school personnel) verification sheet to Mrs. Martin at the conclusion of each observation. You will also need to take detailed field notes over each field experience. This process will be taught in class. Your field notes should provide demographic information about the campus/school district and classroom and should include a sketch of the classroom. Additionally, your field notes should address specific (given) questions. You will submit each of these field notes through Turnitin.com (links will be provided). Guidelines and a rubric for these field notes will be passed out in class (or made available on Blackboard). In order to submit your field notes, you must have turned in your verification sheets. Field notes are due within 2 weeks of your classroom observation date. Failure to attend your scheduled observation times (without a valid and documentable reason) will result in zeroes for all assignment-related grades, including the final observation project.

• Final Observation Reflection Project (10%)

This final observational analysis paper will count as your final in this class. Using your field notes, you will write a final analysis paper. In this paper, you will highlight three different concepts related to diversity in the classroom and planning instruction to suit the needs of your diverse students, citing examples and/or non-examples of each of these concepts from your observations. You will be expected to use correct APA formatting and citations. You will submit this assignment through Turnitin.com (a link will be provided). Guidelines and a rubric for this assignment, along with other pertinent instructions, will be passed out in class (or made available on Blackboard).
