PRECALCULUS

SPRING 2024

Welcome to Precalculus

This is an online course that allows for us to study according to our schedule.

Are you ready to explore the integrated algebra, trigonometry, and analytic geometry skills used in Calculus? As your instructor, I am looking forward to providing you the opportunity to acquire and practice the math skills needed to be successful in Calculus.

Student Drop-in Hours (A.K.A. Office Hours) Levelland (M120A):

Tuesdays and Thursdays 1:00 pm - 3:00 pm

Online:

Tuesdays and Thursdays 3:00 pm - 4:30 pm Wednesdays Fridays

6:30 pm - 7:30 pm 11:00 am - noon

or by appointment

(scan QR code or use the link to make an appointment) https://outlook.office365.com/owa/calendar/DrHP@southplainscolle ge.edu/bookings/

KNOWLEDGE IS POWER

Math-2412-151/451

SE Dr. Sheyleah Harris-Plant

DR. HP

CONTENTS

- What will we learn in this class?
- What are we required to do in this class?
 - How do we pass this class?

What resources do we have to be successful?

PH: 806-716-2665 MATH BUILDING 120A

What are we required to do for this class?

Our classroom is online. This means the lecture material is on Blackboard.

Each lecture has notes available to be printed and lecture videos covering the lecture notes. The lecture notes will not be submitted. How much of the lecture is required for each individual is individual to them according to their learning style and mathematical history.

Practice problems (homework problems) will not be collected for a grade because the amount of practice each person needs is individual to their learning style and mathematical history.

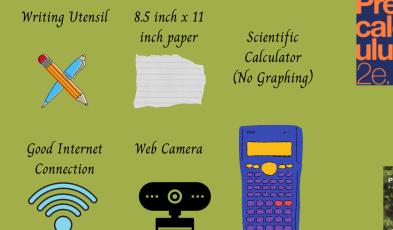

Our focus is on learning and mastery of the material.

COURSE LEARNING GOALS

At the end of the semester, we will be able to:

- Apply knowledge of properties of functions.
- Solve algebraic and transcendental equations.
- Apply graphing techniques to algebraic and transcendental functions.
- Compute the values of trigonometric functions for key angles in all quadrants of the unit circle measured in both degrees and radians.
- Prove trigonometric identities.
- Solve right and oblique triangles.

SUPPLIES & OPTIONAL TEXTS

Precalculus, 2nd ed. OpenStax ISBN 9781951693398

> Precalculus, 8th ed. Ron Larson ISBN 9781439045770

Precalculus, 2nd ed. Cynthia Young ISBN 9780470904138

PH: 806-716-2665 MATH BUILDING 120A

What are the assignments for this class?

Memory Quizzes (Worth 0.50 points each)

Write the answer only from memory; do not write the question shown. Submit in class. The assignment will be graded as correct or incorrect. There will be 14 quizzes, with 4 quizzes being extra credit.

Mastery Assessments (Worth 1 point each)

Free response assessment that you can use your notes and practice problems. The purpose of the assignment is to give us a snapshot of the mastery of the course material for that week. Upload work weekly on Gradescope and take it in class. There will be 15 assessments, with 5 assessments being extra credit.

Assignment Wrappers (Worth 0.3125 points each)

Answer questions on Blackboard to reflect and review mistakes and learn from them. The assignment will be graded by completion. There will be 16 assignments, with no extra credit assignments.

Unit Exams (Worth 10 points each)

Free response assessment that you can not use your notes or practice problems. No make-up exams will be given. The purpose of the assignment is to give us a snapshot of the mastery of the unit material at that time. Upload work on Gradescope. There will be 6 exams, with no extra credit assignments.

Final Exam (Worth 20 points)

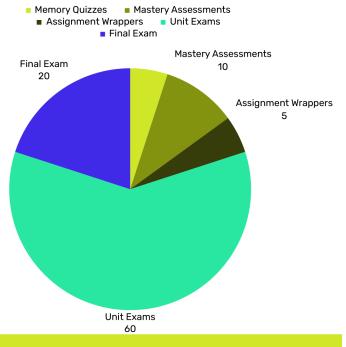

Comprehensive free response assessment that you can not use your notes or practice problems. If you do not attempt the Final Exam, you will earn an F for the class. There will only be one assignment at the end of the semester.

ASSIGNMENT WEIGHTS

The 100 point system is used for grading. All assignments will add up to 100 points.

89.5 and above earn an A
79.5 - 89.49 earn a B
69.5 - 79.49 earn a C
59.5 - 69.49 earn a D
59.49 and below earn an F

- Memory Quizzes: 5 points
- Mastery Assessments: 10 points
- Assignment Wrappers: 5 points
- Unit Exams: 60 points
- Final Exam: 20 points

PH: 806-716-2665 MATH BUILDING 120A

Participation Expectations

Accountability

If you miss an assignment or fall behind, all notes are on Blackboard for you to access.

Communication

Communication is key. If you have an emergency, please let me know by email or phone **immediately**. Letting me know the following day or later makes it difficult for me to discern and assess your situation. Therefore, this makes it harder to help and work with you.

Integrity

The focus of higher education is to foster learning and encourage critical thinking. While taking shortcuts to save time or earn a grade may seem like a good idea, the results usually are lower scores and losing the opportunity to learn material.

Reasonable Flexibility

Extra credit points are available for all students. If you should miss an assignment deadline those extra credit points can "replace" the missed points.

EXPECTATIONS OF INSTRUCTOR

- Provide notice of any schedule changes.
- Keep Blackboard updated with grades and materials.
- Present the material in a way that the majority of the class can understand.
- Be available to those who need assistance outside of the classroom, by e-mail or in person, during office hours or scheduled appointment times.
- Maintain the course calendar and assignments.
- Uphold the policies of the college.
- Respect each student and provide the opportunity to discuss the material presented.
- Provide examinations based on the information discussed in course material.

Emails Should Include

Your first and last name

Your class name and section

Your questions and/or comments in the body of the email (not subject line)

PH: 806-716-2665 MATH BUILDING 120A

WEB & EMAIL

I Will

Check my email regularly during weekdays before 7:00 pm

Do my best to respond within 24 hours

I Will Not

Always respond immediately on weekends or holidays

Success Roadmap

Watch Videos

Each section has lecture videos embedded in Blackboard in the Course Content for each week.

Practice Math Skills

Each lecture has examples worked out and some examples for you to practice. Each lecture has practice problems for you to practice your math skills.

Days	Actions
Sunday - Tuesday	Watch the week's lecture videos and work examples
Wednesday- Friday	Practice skills covered in week's material Ask any questions Submit assignments
Saturday	Catch up, if you fell behind during the week or needed extra time

TIPS FOR SUCCESS

- Avoid distractions (cell phone, social media, games, television, or open tabs and windows on your device) when watching and working through lecture videos
- Use the resources (notes, extra videos on Blackboard, free tutoring through the college, each other, and myself) available to you
- Don't hesitate to ask for help and always communicate
- Be sure to complete the assigned work
- Read the feedback given to you on graded work to improve your skills
- Save all of your notes and work

MATHEMATICAL PRACTICES TO IMPROVE

- 1. Making sense of problems and persisting while solving them.
- 2. Engaging in productive struggle with mathematics problems.
 - 3. Productively collaborate with others.
 - 4. Communicate through mathematical writing.

PH: 806-716-2665 MATH BUILDING 120A

Student Resources

Class Resources

In our Blackboard course, there are a lot of resources to help us be successful.

- Each example, even the ones not worked out in the lecture videos, has a video in the example videos folder. Please keep in mind that the videos are in a playlist, and you will need to choose the required video from the list provided by the menu icon on the upper right.
- Keys (worked-out solutions) are provided for every practice problem and every assessment (after the due date) in the Keys folder.
- Under Additional Resources, there are virtual flashcards for the memory quiz information, study tips, prerequisite math rules, graph paper, and online resources.

Free SPC Tutoring

South Plains College provides free tutoring to students. The most current schedule can be found at

https://www.southplainscollege.edu/exploreprograms/artsandsciences/teacheredtutoring.p hp or this QR Code

SPC Policies

South Plains College policies concerning diversity, disabilities, non-discrimination, Title IX Pregnancy Accommodations, and Campus Concealed Carry Statements can be found here: <u>https://www.southplainscollege.edu/syllabusstatements/</u> or this QR Code.

South Plains College policies, return to campus plan, and protocols regarding COVID-19 can be found here: <u>https://www.southplainscollege.edu/emergency/covid19-faq.php</u>.

The person who asks a question is a fool for five minutes, they who does not ask a question remains a fool forever.

- Chinese Proverb

I find that the harder I work, the more luck I seem to have. - Thomas Jefferson

Learning is never done without errors and defeat. - Vladimir Lenin

The expert in anything was once a beginner.

- Helen Hayes

Your talents and abilities will improve over time, but for that, you have to start.

- Martin Luther King, Jr

REAL LIFE EMERGENCY HELP

Sometimes life happens and we need help. This is the reason the South Plains College Health and Wellness Center has provided a list of emergency resources. This list includes, but is not limited to community food assistance, help paying bills, and other free or reduced cost programs. To find this list, please click on the *Emergency Resources* tab, and click the linked here. The Health and Wellness Center site is found at <u>https://www.southplainscollege.edu/health/studenthealth.php</u> Health & Wellness
